

HUMBLE ISD

Professional Development Framework

TOP REVIEW SYSTEM

The Humble ISD teacher appraisal system, **Teacher Objectives and proficiency Review (TOP Review)**, is supported by professional development workshops. TOP Review has 27 criteria in eight domains.

The Humble ISD TOP Review domains and criteria are listed on the following page. The next page outlines the Humble ISD Staff Core Technology competencies.

If a workshop description, says, “TOP Review: Criteria 1,” then this workshop supports the first criterion on the TOP Review which is “Students are actively engaged in the learning process and are successful in learning.” For additional information about the appraisal system, please contact the building principal or the Asst. Superintendent of Human Resources at 281-641-8161.
